

FOR IMMEDIATE RELEASE

BY LIGHT AWARDED DISN TECHNOLOGY REFRESHMENT PROGRAM PRIME CONTRACT

(ARLINGTON, VA, September 19, 2018) [By Light Professional IT Services LLC](#) (By Light) has been awarded the Defense Information Systems Network (DISN) Technology “Tech” Refresh Turnkey Project Support Task Order (TO) 34 valued up to \$65M for the enhancement of DISN services to include next generation optical, Multi-Protocol Label Switching (MPLS) and timing and sync. As a follow-on to By Light’s Global Information Grid Services Management – Engineering, Transition and Implementation (GSM-ETI) Implementation Engineering Task Order (TO17) and Tech Refresh Task Order (GSM-ETI TO21), Tech Refresh Turnkey Project Support (GSM-ETI TO34) combines the previous task orders into one coherent program enabling the efficient integration and implementation of innovative DISN technologies.

“We are excited to support the Tech Refresh Program utilizing the turn-key approach and provide an end-to-end solution,” said Don Cole, Senior Vice President of By Light. “We will update the DISN more efficiently than was previously possible with improved collaboration, processes, and delivery of DISN capabilities.”

By Light will provide project management, engineering, site surveys, logistics support, implementation and test/turn-up of turnkey solutions to effectively deliver a complete, active and operational service to the DISN, as well as de-installation, configuration management, and transition of existing solutions. Our Team aligns with the DISA Infrastructure Directorate’s strategic direction of rapidly evolving the DISN to an Everything over Internet Protocol (EoIP) infrastructure and accelerating Time Division Multiplexing (TDM) elimination resulting in operational efficiencies and cost savings.

About By Light

By Light Professional IT Services LLC is an ISO 9001, 20000-1, and 27001 registered and CMMI Level 3 certified systems integrator that provides secure, turn-key systems by incorporating exceptional engineering, project management, telecommunications and cyber capabilities to safeguard mission success. Founded by industry professionals with extensive knowledge in the DoD, DISA and other US Government Agencies, By Light successfully implements technical solutions that integrate the best commercial practices to meet all government requirements.
