

PRESS RELEASE - FOR IMMEDIATE RELEASE

By Light Awarded Prime Contract to Provide Development and Enhancement Services for U.S. Department of Veterans Affairs' My HealthVet (MHV) Application and self-service platform

ARLINGTON, VA; August 7, 2012 — [By Light Professional IT Services, Inc.](#) (By Light) today announced that it has been awarded a prime contract by the U.S. Department of Veterans Affairs (VA) to enhance the capabilities of the MHV portal, which provides healthcare self-service to over two million registered Veterans. The contract falls within the scope of VA's Transformation Twenty-One Total Technology (T4) IDIQ which aims to enable the VA to acquire services for information technology programs that will help ensure timely delivery of healthcare and benefits to our veterans, war fighters, and their families worldwide.

"By Light is proud to have the opportunity to support streamlining access to benefits and health care for veterans. My HealthVet is an important tool for service members because of its ease of use and access to personal health records," said LTG (Ret.) Robert Donahue, CEO of By Light.

My HealthVet is VA's award-winning health website that provides 24-7 access to VA health care information and services to veterans, active duty service members, their dependents, and caregivers. MHV allows access to trusted, secure, and current health information and benefits, as well as record and store important health and military information at their convenience. By Light will develop new features and enhance existing MHV capabilities, including downloading a Personal Health Record, Secure Messaging, and Online Identity Proofing. In addition, By Light will integrate the existing MHV portal with various systems within the program.

About By Light: By Light Professional IT Services, Inc. is an ISO 9001:2008 registered and certified Service-Disabled Veteran-Owned Small Business (SDVOSB) that provides a broad range of hardware, software, engineering, and IT integration services.
